## NEW For Viega Megapress S XL up to Ø 4"!

ROLLER'S pressing rings VMPz XL with system-specific press contour according to the pressfitting system Viega Megapress S XL. For perfect system-conformant, reliable pressing.

German Top Quality

Z7 XL 45 kN

Pressing ring VMPz with teeth prevent burr formation on the pressing segments. Patent EP 2 027 971.

System-specific pressing rings XL for the press fitting system Viega Megapress S XL. The pressing rings are made from tenacious, specially hardened special steel and they are therefore highly resistant. For maximum quality demands and long life.

Driven by ROLLER'S Multi-Press XL 45 kN 22 V ACC with thrust 45 kN. Adaptor tongs Z7 XL 45 kN are necessary.

### ROLLER'S pressing rings VMPz XL (PR-3B)

VMPz 2½" XL (PR-3B) Art.-No. 579112 R

VMPz 3" XL (PR-3B) Art.-No. 579113 R

VMPz 4" XL (PR-3B) Art.-No. 579114 R

### Adaptor tongs Z7 XL 45 kN

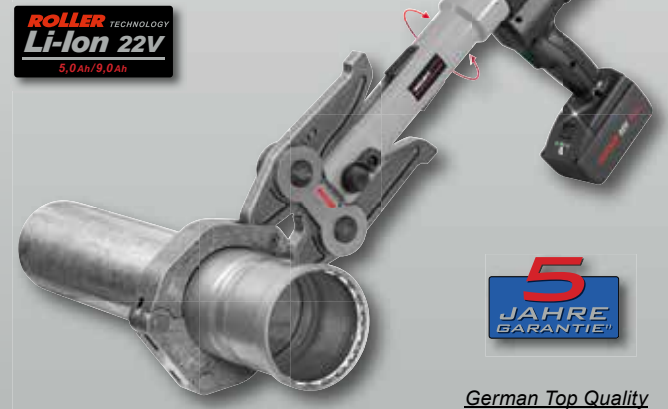

for driving the ROLLER'S pressing rings VMPz 2½–4" XL (PR-3B)

Art.-No. 579123 R

ROLLER'S Multi-Press XL 45 kN 22 V ACC for pressings in just one action up to Ø 4".

With anti-vibration system.

Li-Ion 22V Technology.

German Top Quality

- Long working stroke for pressings in just one action. Ultra-fast, e.g. Geberit Mapress STAINLESS STEEL Ø 108 mm in only 15 s.
- Rotating pressing ring seat (over 360°).
- Several tons feed and pressing force for perfect, split-second pressing. Thrust 45 kN.
- Robust, powerful, electrohydraulic drive.
- Proven, powerful battery motor 21.6 V, 380 W.
- Li-Ion 21.6 V, 5.0 Ah battery for approx. 120 pressings Geberit Mapress stainless steel Ø 76.1 mm per battery charge.

Powerful, universal, robust hybrid radial press XL for cordless and mains operation with automatic circuit control. Anti-vibration system. For radial press joints XL Ø 64 – 108 mm, Ø 2 ½ – 4".

### ROLLER'S

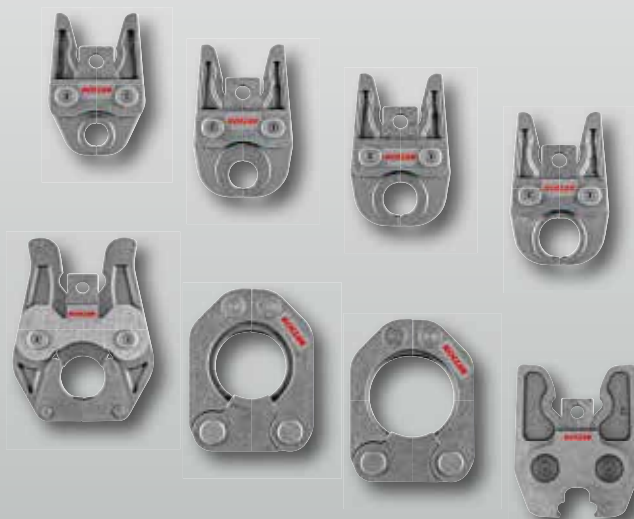

### Multi-Press XL 45 kN 22 V ACC Basic-Pack

Drive unit 21.6 V with forced return, Li-Ion 21.6 V, 5.0 Ah battery, rapid charger, in XL-Boxx system case

Art.-No. 579011 A220

## For Viega Megapress / Megapress S up to Ø 2"!

ROLLER'S pressing tongs / pressing rings VMP with system-specific press contour according to the pressfitting system Viega Megapress / Megapress S. For perfect system-conformant, reliable pressing.

German Top Quality

Z5

System-specific pressing tongs / pressing rings for the press fitting system Viega Megapress / Megapress S. The pressing tongs / pressing rings are made from tenacious, specially hardened special steel and they are therefore highly resistant. For maximum quality demands and long life.

Driven by all ROLLER'S radial presses with thrust 32 kN and by suitable drive machines of other makes.

### ROLLER'S pressing tongs / pressing rings VMP

|                                   |                   |
|-----------------------------------|-------------------|
| VMP 3/8"                          | Art.-No. 571740   |
| VMP 1/2"                          | Art.-No. 571762   |

| VMPz 2" (PR-3B) <sup>1)</sup>     | Art.-No. 572845 R |

#### Adaptor tongs Z5

for driving the ROLLER'S pressing rings VMPz 1 1/2" - 2" (PR-3B) Art.-No. 572802 RX

<sup>1)</sup> Adaptor tongs Z5 are necessary for driving the pressing rings (PR-3B).

ROLLER'S Multi-Press 22 V ACC the new generation up to Ø 110 mm. Smaller! Lighter! Faster! With automatic circuit control and pressure monitoring. Anti-vibration system. Li-Ion 22V Technology.

German Top Quality

- Smaller - with V 15 pressing tongs only 35.5 cm long.
- Lighter - with battery only 3.2 kg.
- Faster - pressing in only 4.5 s!
- Optimum weight distribution for one-hand operation.
- Rotating pressing tongs seat (over 360°).
- Several tons feed and pressing force for perfect, split-second pressing. Thrust 32 kN.
- Li-Ion 21.6 V, 2.5 Ah battery for approx. 200 pressings Viega Profipress DN 15 per battery charge.

Universal, extra handy, robust hybrid radial press for cordless and mains operation, with automatic circuit control and pressure monitoring. For radial pressing joints Ø 10–108 (110) mm.

Universal for all ROLLER'S pressing tongs (except Mini) and ROLLER'S pressing rings, as well as for suitable pressing tongs / pressing rings of other makes.

### ROLLER'S Multi-Press 22 V ACC Basic-Pack

Drive unit 21.6 V, Li-Ion 21.6 V, 2.5 Ah battery, rapid charger,

#### Basic-Pack in steel case

Art.-No. 576010 A220

#### Basic-Pack in L-Boxx system case

Art.-No. 576011 A220
